

Dangerous Rhythm

Ultravox

Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air Stranger to stranger
We're both dressed for danger
Something is generating here Oh, take off your halo
For the all night inferno
Something is happening in the air It's not like anything I've ever known before
And I don't care Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air Surging and merging
Urgent and urging
Soft as a footstep on the stair The red light is on now
My gravity's gone and how
I can feel something in the air It's not like anything I've ever known before
And I don't care Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air Dangerous rhythm
Dangerous rhythm
Dangerous
