Cloudy Days

Pep Love

Dark cloud hangin' over me when will it go away
Rain is in my eyes and I can't see life's become just cloudy days
Why she's done me like she's done I guess I'll never know
She knows I need her more than anyone I've made a point to let it show
Cloudy days don't the sun ever shine anymore stormy weather will you always be around
When I'm down I can't stand cloudy days
[guitar + steel]
I recall the time when times were good Lord they seem so long ago
But you know they say if rain don't come then love has no chance to grow
Cloudy days don't the sun...
[guitar + steel]
