Lifeless Dead

Mad Season

Lifeless dead, that unclean bed, till or when her hunger's fed
How he'd wished that they would wed I promise on our love she said
Promises were never kept alone on dirty floor he sleptYeah, lifeless deadAnd although he'd not accept, she was gone and so he wept
Then a demon came to him you must know I'm gonna winYeah, lifeless deadHe said, she said, she led him dead
He said we bled, she said not fedLifeless dead, lifeless dead
Lifeless dead, lifeless dead
