Raze It Up

Onyx

Official Naz takeover
Yo, yo
Official Naz comin' through betta' raze it up
All my hoods' on the block betta' raze it up
All my peoples locked up betta' raze up
You betta' raze it up
You betta' raze it up
Yo, yo
Lyrical assault
Mics outlined in chalk
Gun talk, homicide in New York
Caught a raw deal, horror Amityville
Hand me steel, breathe in ya' man to get killed
Put a knife to the love of ya life
Put a slug in ya wife
Blood on ya ice
Mud on my knife
Homicide, drug price, chain snatch, cocaine crack
Come with their jacks with the gat, blow ya brains back
Switchin' lanes an' drop vests
Blow the top of the jet
Cock your wet, you rocked to death
Drive by's, pain in eyes, paintin' black lines
All the way live
Guns in the sky, move an' die
Survive niggaz, leave you left for death
One in ya head
Runnin' from feds, drugs under ya bed
Crime kills blast, rhyme skills like nine mills
So nigga dead
'Cuz I kill, so what
Official Naz comin' throughbetta' raze it up
Where my real thugs are, you betta' raze it up
All my fellows with the jacks, you betta' raze it up
You betta' raze it up
You betta' raze it up
Official Naz' comin' through you betta' raze it up
If you don't wanna get wet you betta' raze it up
If you from the projects you betta' raze it up

You betta' raze it up
You betta' raze it up
Right now
We gonna hit you up with the joints
Like bow
Blast nasty, fight pow
Styles takin' you to the bank
Me bulls pack shanks
Lick that clit in a six hundred Benz tint
These degrees is hot
MC's get-got
Comin' ta tangle from wild angles
Get mangled
Buck, fifty game is blow you
Till ya moms won't know you
Take two cheap niggaz to sell you
It's arrested then, me an' my crew
It won't be beautiful
All that shit you talk is new to who, believe that
Words hit you like a semi-gat
Any act, unaccordingly, wait, gimme that
So core tight it was house
Complicated in death
Me an' my killas still here
An' yo ass is out
We up out the guts
An' let you get touched
It's such, blood rush
Raze it up
Official Naz comin' through ya betta' raze it up
Everybody from the streets, betta' raze it up
An' if you holdin' heat, betta' raze it up
You betta' raze it up
You betta' raze it up
Official Naz comin' through, betta' raze it up
All the willies at the bar, betta' raze it up
If you bouncin' in ya car ya betta' raze it up
Betta' raze it up
You betta' raze it up
Sticky fingaz
Madman, tear down stages
Ain't nobody dead or alive, who could give me my rages
Throw my clip in a gat an' I'm sick of this yap
An' I'm ready to bust a cap
An' if you happen

Ya niggaz will get shot, fuck the rap
Get ya ass kicked
Set you up or get you blasted
Closed gasket
I'm the bald headed bastard
Black dust gave me black lungs
I pack guns
I'm used to action like dodgin' bullets over crack funds
Reaction
Blaze the Mack Ten
Shogun
I could spot the sheisty villains 'cuz it take one to know one
Remove my mask an' reveal myself
Heal myself
If I was you, I'll kill myself
So play dead, eyes stay red, spray lead
I'm way fed an' ain't leavin without they head
Son holders, they 'bout to get roughed up, what?
When you see me all you hear is
Ba, ba, ba, baz
Official Naz comin' through, betta' raze it up
All my shorties in the spot, betta' raze it up
If you don't wanna get shot, betta' raze it up
Betta' raze it up
You betta' raze it up
Official Naz comin' through, betta' raze it up
When you see the cops come you betta' raze it up
East coast, west coast, betta' raze it up
You betta' raze it up
You betta' raze it up
What?
World up, raze it up
We doin' it with a cutie
C'mon, bounce, bounce, bounce, c'mon
World up, raze it up
We doin' it with a cutie
C'mon, bounce, bounce, bounce, c'mon
World up, raze it up
Raze, raze, raze it up
Ra, raze, raze it up
Ra, ra, ra, raze it up
Ra, ra, ra
Raze it up, up
