

# Temptation Girl (feat. Latif)

## Sonnie Carson

You know temptation is a desired performance  
That you enjoy all the time  
But the problem is they regret for various reasons  
Temptation girl, temptation girlTemptation girl, temptation girl  
Temptation girl  
We got to put a relation, put a relation  
Temptation girl, temptation girl  
Temptation girl  
We got to put a relation, put a relationI know my money, money is on the floor  
The check is on the phone  
Women are talking  
2 are setting the string, 3 are on the phone  
You think I've had enough  
But I haven't  
It's like a paper player, they come with it  
If you think how I'm doing it  
Then you should see how I did it  
Going once, going twice  
You should have been there  
Temptation is tempted and I won't quit it  
You used to tell me come kick the bar'  
That they all wanna kick me so they can tell me that  
See I'm only a one-way ticket  
They're probably down  
Had all the dirt, I 'ma do you  
You can wipe me down  
'Like they mingle for the lack of a better worldI'm flashy, I don't know what she wants from me  
But she's the key to the cell  
Don't tell meTemptation girl, temptation girl  
Temptation girl  
We got to put a relation, put a relation  
Temptation girl, temptation girl  
Temptation girl  
We got to put a relation, put a relationDon't tempt me cause I'ma do it  
Don't tempt me cause I'ma do it, girl  
Don't tempt me me cause I'ma do it  
We got to put a relation'The table is turning around  
Case to cut it and now I turn it down  
... Fighting temptation and looking good at it

Doing what I shouldn't  
Probably too much to handle  
So I pattern every cake and I worth the candle  
So I blow it up  
You keep telling them:No!  
So I'm showing off and they're going off  
Until they're going down and I'm going upI know my money, money on the floor  
The check is on the phone  
Women are talking  
2 are setting the string, 3 are on the phone  
You think I've had enough  
But I haven'tTemptation girl, temptation girl  
Temptation girl  
We got to put a relation, put a relation  
Temptation girl, temptation girl  
Temptation girl  
We got to put a relation, put a relationDon't tempt me cause I'ma do it  
Don't tempt me cause I'ma do it, girl  
Don't tempt me me cause I'ma do it  
We got to put a relationI got my mind on the money, money on the floor  
The check is on the phone  
Women are talking  
2 are setting the string, 3 are on the phone  
You think I've had enough  
I said I need high
