Amber Waves

Inside The Sound

The stars align
The amber waves aren't far behind
You make me twist in harmony
You rock me in your velvet sea
It's our illusion

Off the map
It's so emotive
Off the map
Now I'm alive and undefeated
Sleep is overrated
I can see the air so clearly
And it's easy

Lay upon the edge to see this storm collide
I can feel the rise comin'
I can feel the ride

Wave your hands out to get caught up in the tide
I can feel the rise comin'
I can feel the ride

I found the secret of the one shop lottery
It's all we need
Conversation
You shape with your hands

It's obvious
You want in
That it's obvious
You want it bad

The cup is over flowing
With the gold
It's ours to have yet to unfold
Rows and rows so dizzy
Elevation to be

Lay upon the edge to see this storm collide
I can feel the rise comin'

I can feel the ride

Wave your hands out to get caught up in the tide
I can feel the rise comin'
I can feel the ride
Feel the ride

Lay upon the edge to see this storm collide
I can feel the rise comin'
I can feel the ride

Wave your hands out to get caught up in the tide
I can feel the rise comin'
I can feel the ride
I can feel the ride
Feel the ride
I can feel the ride
