Love Alive

Heart

The sky was dark this morning when I raised my head
I stood at the window, darkness was my bane
Suddenly a sunbeam thrilled me to my weary heart
It was the prettiest thing I'd ever seen
I knew I had to keep my love
Keep my love alive
Keep my love, keep my love alive
Oh baby, I want you to roll me, hold me in your love
No more habits, promises and jive
Ever since I was a baby girl wanted one thing most in this world
It was to keep my love, keep my love alive

Yeah, I got to keep my love, keep my love alive
Keep my love, keep it alive
Well, oh I know, I know I got to keep my love
You're up there under the spotlight like your silver trophy shines
With all you got, my Lord, You must get high
You need a whole lot more than money, you need more than to survive
You gotta to keep your love, keep your love alive
Ooh you better keep your love, keep your love alive
Ooh keep your love, keep your love, keep your love alive
Come on keep your love, now keep your love alive
Keep your love and keep it alive, alive
