

# My Wildest Dreams Grow Wilder Every Day

## The Flatlanders

My wildest dreams grow wilder everyday  
There's nothin' I can think or do or say  
To make this crazy dreamin' go away  
My wildest dreams grow wilder everyday I wake up in the mornin'  
And I go to sleep at night  
Somewhere in between the two  
I swear I'll get it right My wildest dreams grow wilder everyday  
I'm wonderin' just how far my mind can stray  
Just how wild is too high a price to pay  
My wildest dreams grow wilder everyday My wildest dreams grow wilder everyday  
But are they wild enough to make you stay?  
Or does dreamin' only make you stay away?  
My wildest dreams grow wilder everyday My daydreams and my nightmares  
Are so real there's no mistake  
It wouldn't so bad  
If I was not so wide awake My wildest dreams grow wilder everyday  
There's nothin' I can think or do or say  
I only hope and pray I'll dream someday  
Just one dream wild enough to make you stay  
My wildest dreams grow wilder  
My wildest dreams grow wilder  
My wildest dreams grow wilder everyday
