

# Soul Crying Out

## Simple Minds

Listen to the rhythm  
Listen to the beat  
It has a cold wind blowing  
Up through the street  
Soul crying out  
People crying out  
In through the valleys  
In through the streets  
Feel the whole world moving  
Underneath our feet  
Something's going on  
I said what is going wrong  
I feel them coming  
So close behind  
Sister says, we're next in line  
The man he says, that's OK  
And the Government says you're gonna pay, pay, pay  
And you pay  
Still you pay  
It's just a soul crying out  
It's just the people crying out  
It's the land crying out  
And I can hear you crying out  
And I say, I don't know  
Maybe I don't care  
What I know is  
I gotta get out of here  
And I'm going  
Going any day  
Some sweet day  
Some sweet day  
I gotta find a way  
I can hear the lovers, whisper in the street  
See a crowd has gathered underneath the heat  
I hear what they say  
But I don't believe what they say  
I see the woman, with tears in her eyes  
I hear the baby, calling in the night  
Something on the bed, was it something she said  
Hell this is not right  
What goes on through the night  
I hear her coming, all in my mind  
Sweet common love, so hard to find  
Someone said, man that's sa  
And the people walk by, cos they're so blind  
And you pay  
Still you pay  
It's just a soul crying out

Just the people crying out  
It's the earth crying out  
And I can hear you crying out  
And I can feel you crying out And I say, I don't know  
Maybe I don't care  
All I know is, I gotta get out of here  
And I'm going, going any way  
Do you know, some place to go  
I'm getting out of here Where will I find some peace of mind  
I'm getting out of here I come walking to you  
I come singing to you  
Some sweet day  
I'm gonna walk away  
I'm gonna walk away It's just the soul crying out  
It's just the land crying out  
It's just the children crying out  
All the babies crying out Any way, some sweet day  
I'm gonna walk away  
Turn away It's just the soul crying out  
It's just the land crying out I wanna hear  
I want you here  
Some sweet day Just a soul crying out  
Of a land crying out anyway  
When you say  
Some sweet day...
