

# Rough

## Yelawolf

Doomsday calling  
Karmas burning  
Seeing black  
Chaos forming  
Vulture culture  
Total rapture  
Killing kingdom  
Now has come  
Make it rough  
Fucking rough  
It's how you land  
Not how you fall (2x)  
Incendiary  
Mercenary  
Seeing red  
You turn to ashes  
Eclipse comes  
Blot out the sun  
You crash and burn  
You trash and burn  
Make it rough  
Fucking rough  
It's how you land

Not how you fall (2x)  
Hostility  
Brutality  
I'll blind the world  
Reality  
Against the world  
We're coming rough  
The king of kings  
Designed me though  
The riots  
The bombs  
The city is a tomb  
Corrosion  
Corruption  
Unleash destruction

Critical time  
Critical mass  
Make it rough  
Killing fast  
Make it rough  
Fucking rough  
It's how you land  
Not how you fall (4x)
