

# Another Breakfast With You

## Ladytron

I don't want to fight, just want a piece of your life  
Oh, if you come out to play  
I don't want you to say anything  
I didn't feel a thing when you told me that  
You didn't feel a thing when I told you that  
I didn't feel a thing, another breakfast with you  
I don't want to fight, just want a piece of your life  
Oh, if you come out to play  
I don't want you to say anything  
I didn't feel a thing when you told me that  
You didn't feel a thing when I told you that  
I didn't feel a thing, another breakfast with you  
Did you ever fall in love?  
For a quarter of an hour or above
