

# With Me Part 1

## Destiny's Child

Everything ya like is with me  
So if you know like I know  
This is where ya need to be Do you ever wonder when he don't come who he goes to see?  
And why in the middle of the night he leaves you alone, leaves you alone?  
Do you ever wonder when he don't come home who he goes to see  
And why in the middle of the night he leaves you alone  
Everything he likes is with me If I was in your shoes I would've had to let him know  
From the first sign of him tryin' to play  
If you want me to stay you gotta let all that go  
Oh, but no  
You wanna stick around  
And not believe in what you see  
And while your waiting, thinkin' everything is gonna be ok  
I gotta him right here with me, oh ho Do you ever wonder when he don't come who he goes to see?  
And why in the middle of the night he leaves you alone, leaves you alone?  
Do you ever wonder when he don't come home who he goes to see  
And why in the middle of the night he leaves you alone  
Everything he likes is with me I wanna call you so bad and tell you  
When it started and what we do  
How long its been going  
And why he ain't never gonna come home  
Cause I know what you didn't do to make him stay  
See a bad performing, unfulfilling women, drives a man away Do you ever wonder when he don't come who he  
goes to see?  
And why in the middle of the night he leaves you alone, leaves you alone?  
Do you ever wonder when he don't come home who he goes to see  
And why in the middle of the night he leaves you alone  
Everything he likes is with me Now as far as I know  
He's in good hands  
So you can stop calling all around  
Saying have you seen my man  
Aint no need to fuss n' fight  
Tryin' to make it right  
No ho  
Certain things ain't meant to be  
And that's why, that's why he's right with me Everything ya like is with me  
So if you know like I know  
This is where ya need to be Everything ya like is with me  
So if you know like I know

This is where ya need to be Everything ya like is with me

So if you know like I know

This is where ya need to be Do you wonder? Do you ever wonder when he don't come who he goes to see?

And why in the middle of the night he leaves you alone, leaves you alone?

Do you ever wonder when he don't come home who he goes to see

And why in the middle of the night he leaves you alone

Everything he likes is with me Do you ever wonder when he don't come who he goes to see?

And why in the middle of the night he leaves you alone, leaves you alone?

Do you ever wonder when he don't come home who he goes to see

And why in the middle of the night he leaves you alone

Everything he likes is with me
