

# All for Love (feat. Jack & Jack)

## Madison Beer

I'm looking for places to run and hide,  
I'll never forget you, lord knows I've tried,  
Wish I could see you without closing my eyes,  
But I know, I know,  
It's so far behindFading out, fading out,  
I can't get right,  
I'm tossing out, turning out, every night,  
Losing my, losing my god damn mind,  
Ask me why I did it, ask me why I did it, I said,  
All for love  
Ask me why I did it, I said,  
All for love  
Ask me why I did it, I said (I said)  
I've run out of tears, I've run out of breath,  
It's crazy the truth hurts way more than the lie,Fading out, fading out,  
I can't get right,  
I'm tossing out, turning out, every night,  
Losing my, losing my  
God damn mind,  
Ask me why I did it, ask me why I did it, I said,  
All for love  
Ask me why I did it, I said,  
All for love  
Ask me why I did it, I said,  
All for love, all for love, all for love  
All for love, all for love, all for love  
All for love  
Ask me why I did it, I said,  
When I'm away from you the times slow,  
And I ain't leaning on a double cup of Styrofoam,  
She got me feening,  
You wanna know why she the reason why she really fly though,  
She gets me high but, I ain't got a high to run the 5 O,  
And when her name pops up on my iPhone,  
I'm still mind blown that this love is diamonds no brimstone,  
Cause what we got's for real,  
And I forget what day of the week it is, when I'm with her  
She got me doing crazy things, without her dropping liquor,  
It's like we're drunk in love,

This can't be good for my liver  
She's the only one that kicks me off Instagram and twitter,  
          And everybody keeps on asking me, just why I did it  
                          So I tell em',  
All for (for) love (I did it all for love man I swear, I did it all for love)  
                          Ask me why I did it, I said  
                          All for love (I did it all for love)  
                          Ask me why I did it, I said,  
                          All for love, all for love, all for love  
All for love, all for love, all for love (yeah I did it)  
                          All for (I did it all for love) love  
                          Ask me why I did it, I said (I said, I said)
