

# Someone Somewhere

## Vanilla Trainwreck

Someone is waiting  
Someone who understands exactly how you feel  
Exactly how you feel  
Someone is dreaming  
Someone is hoping just that this will be the day  
That this will be the day  
That you take your eyes off the ground out of the blue  
And see that someone is looking right back at you  
Maybe that someone's me  
Maybe it's meant to be lovers, strangers  
Sometimes bombs fall quietly  
Maybe it's chemistry  
Maybe it's hard to see that someone is the right one  
Well, I hope that someone is me  
Nobody's perfect  
Nobody's perfect, no one really knows the truth  
All we've got's a point of view  
And there's too many questions  
There's too many questions and too many reasons not to try  
There's too many reasons not to try  
But you should take your eyes off the ground out of the blue  
And see that someone is looking right back at you  
Maybe that someone's me  
Maybe it's meant to be lovers, strangers  
Sometimes bombs fall quietly  
Maybe it's chemistry  
Maybe it's hard to see that someone is the right one  
I hope that someone is me  
Where you gonna go from here?  
'Cause everything you need's out there  
And you can have it if you dare, if you dare  
There's someone somewhere  
There's someone somewhere  
There's someone somewhere  
There's someone somewhere  
Maybe that someone's me  
Maybe it's meant to be lovers, strangers  
Sometimes bombs fall quietly  
Maybe it's chemistry

Maybe it's hard to see that someone is the right one  
Well, I hope that someone is me  
That someone is me, someone is me  
I hope that, I hope that some one is me
