

Worried Dream

B.B. King

Well, I feel so bad - I wonder what's wrong with me
Well, I feel so bad - I wonder what's wrong with me
I think I'll call my baby, find out just what the matter
Can be Last night I dreamed about my baby
I woke up and the tears were runnin' all down my face
Now, when I woke up - early this morning
The tears were runnin' all down my face
You know I was dreamin', that some other man was takin'
My place I said, I dreamed about you baby
I dreamed you didn't want me 'round no more
I said, I dreamed about you baby
You know I dreamed you didn't want me round no more
Now, That's the reason I'm callin' you this evening
Baby, tell me, 'cause I've just got to know Break:
