Blue Moon

The Mavericks

Blue moon
Without a love of my ownBlue moon, is some standing alone?
Without a dream in my heart
Without a love of my ownBlue moon, you're just what I was there for
You heard me saying a prayer for
Someone I really could care forWithout a love of my ownBlue moon, you saw me standing alone
Without a dream in my heart
Without a love of my ownWithout a love of my own
Blue moon
Without a love of my ownLa luna Esta en el cielo
Con todas las estrellas
Riendo muy remenante?Without a love of my own
Without a love of my own
