

# Gasoline

## Sublime With Rome

If you want it  
All you gotta do is ask me  
And if I don't got it  
I'll go and steal it from your family  
Mmmmmm  
Cuz girl you flaunt it  
Like you were born inside of Tiffany's  
But you like them losers baby  
So I know you're always staying with me  
Chorus Monday, Tuesday, all throughout the weekdays  
Doing what I can to keep you holdin' on to some faith  
I'm doing all that I can ohhhhhh  
At the drop of a hat  
Ohhhh I'd go shooting for yahh  
No turning back  
I know everyone has warned yahh  
When you mess around fire  
You'll get burned no there are no liars  
Lord only knows  
I'm better with gasoline You got me thinkin  
I need to cool it on the whiskey  
And if I don't do it  
I'm just expecting you to ditch me  
Ohhhh and talking crazy  
I really wanna make a difference  
Tell me if you leave me baby  
Are you really gonna miss me  
Chorus
