

# Too Close for Comfort

McFly

I never meant the things I said  
To make you cry, can I say, I'm sorry?  
It's hard to forget and yes, I regret  
All these mistakes I don't know why you're leaving me  
But I know you must have your reasons  
There's tears in your eyes, I watch as you cry  
But it's getting late Was I invading in on your secrets?  
Was I too close for comfort?  
You're pushing me out  
When I wanted in What was I just about to discover  
When I got too close for comfort  
And driving you home  
Guess, I'll never know Remember when we scratched our names  
Into the sand and told me you loved me  
But now that I find that you've changed your mind  
I'm lost for words And everything I feel for you  
I wrote down on one piece of paper  
The one in your hand, you won't understand  
How much it hurts to let you go Was I invading in on your secrets?  
Was I too close for comfort?  
You're pushing me out  
When I wanted in What was I just about to discover  
I got too close for comfort  
Driving you home?  
Guess, I'll never know All this time you've been telling me lies  
Hidden in bags that are under your eyes  
And when I asked you, I knew I was right But if you turn your back on me now  
When I need you most  
But you chose to let me down, down, down  
Won't you think about what you're about to do to me  
And back down? Was I invading in on your secrets?  
Was I too close for comfort?  
You're pushing me out  
When I wanted in What was I just about to discover  
I got too close for comfort  
You're pushing me out  
When I wanted in, yeah Was I invading in on your secrets?  
Was I too close for comfort?  
You're pushing me out

When I wanted in What was I just about to discover  
When I got too close for comfort  
And driving you home  
Guess, I'll never know
