Take a ride

Roll with me

Feeling good sitting with all them teens on a chevy

if you got hot drolls hit the switch now

make it hot yeah were living real rich nowif you a fine lil mommy let me hear ya

and when you see me rolling by let me hear ya

if you wanna take a ride let me hear ya

hop inside cause i wanna get near ya come on baby doll its the nevy rump in the morn cause im in rollin my 6  
inch chevy and i got gangsta lean when i steps into the scene and i aint gotta show the boys what i mean now  
you can still find a fine chicana if you want so you can take her by the pool if ya want show all the honeys that  
your pullin all the ladys enough to make the jealous nuckle heads go crazy
