Salt In Our Wounds

Him

Here we are in the maelstrom of love
Waiting for the calm to sooth our hearts
Here we are and don't know how to stop
Waiting for the war to end it all
Love is insane and baby we are too
It's our hearts little grave and the salt in our wounds
Love is insane and baby so we're too, yeah
It's our hearts little grave and the salt in our wounds
Here we are right back where we began
Waiting for sweet love with open arms
Here we are just like before
Waiting for the warmth of that tender storm
Love is insane and baby we are too
It's our hearts little grave and the salt in our wounds
Love is insane and baby so we're too, yeah
It's our hearts little grave and the salt in our wounds
Love is insane and baby we are too
It's our hearts little grave and the salt in our wounds
Love is insane and baby so we're too, yeah
It's our hearts little grave and the salt in our wounds
Love is insane and baby we are too
It's our hearts little grave and the salt in our wounds
Love is insane and baby so we're too, yeah
It's our hearts little grave and the salt in our wounds
The salt in our wounds, the salt in our wounds
