

Invisible (Phoenix 23-05-2015)

U2

It's like the room just cleared of smoke
I didn't even want the heart you broke
It's yours to keep
You just might need one I finally found my real name
I won't be me when you see me again
No, I won't be my father's son I'm more than you know
I'm more than you see here
More than you let me be
I'm more than you know
A body in a soul
You don't see me but you will
I am not invisible I don't dream, not as such
I don't even think about you that much
Unless I start to think at all All those frozen days
And your frozen ways
They melt away your face like snow I'm more than you know
I'm more than you see here
I'm more than you let me be
I'm more than you know
A body in a soul
You don't see me but you will
I am not invisible
I am here There is no them
There is no them
There's only us
There's only us
There is no them
There is no them
There's only us
There's only us
There is no them
There is no them
There's only you
And there's only me
There is no them
