Life's Too Long (To Live Like This)

Ricky Skaggs

Drive time traffic in the pourin' rain
Six car pile up in the passin' lane
Can't help thinkin' while I shake my fist
Life's too long to live like thisMailbox fillin' up with bills to pay
Bossman hangin' on my back all day
Gonna work me to the bone I guess
Life's too long to live like thisCome here baby give your man a hug
All we got that they can't take his love
let'em roll we ain't got much to lose
But these stay good, stay home, way too way long bluesAin't no future in this TV guide
Ain't no reason we should stay inside
Someone's havin' all the fun we've missed
Life's too long to live like thisCome here baby give your man a hug
All we got that they can't take his love
let'em roll we ain't got much to lose
But these stay good, stay home, way too, way long bluesWell life's too long, yeah life's too long
Come here baby give your man a kiss
Life's too long to live like thisLife's too long, life's too long
Come here baby give your man a kiss
Life's too long to live like thisLife's too long, life's too long
Come here baby give your man a kiss
Life's too long to live like this
