

# Brad Haunts a Party

[Nina Nastasia](#)

You are dizzy still  
And we are due to move that far  
In the dark on a frozen lane

No use slowing down  
The party was a laugh  
How we lied about everything

We don't get around like we used to  
Oh, no, but tonight will end too soon

On a stretch past the houses  
Where the road lines go black

With nowhere to get to  
Up a mile on the freeway

Burned out like a sun  
We hid from everyone  
We got high, 'cause you have to

When they came along  
We had lots of fun  
But we left the light too soon

We don't get around like we used to  
Oh, no
