

# Thank You

## Sanctus Real

There are horizons with colors that I've never seen  
The sky is filled with graces, since you have carried me  
I felt so far beyond your reach, but you gave everything for me  
I was lost but you rescued my life Why in the world did you come after me?

Thank you

Words aren't enough, but for now I can say  
Thank you There is hope rising 'cause you have strength I've never seen  
And your eyes are shining, 'cause you shed tears for me  
I was miles from dry land, but you gave everything you had  
I can't understand a love of this kind I could find other lines that you haven't heard spoken over and over again  
I've tried every way, but I keep landing on that simple phrase  
So I'll keep singing, "thank you"
