

# Can't Trust'em

Dizzy Wright

[Verse 1]

Look, I put my soul in this shit  
With this ink all in my skin  
Think before you ink  
I got this ink all on my hands, man  
I'm growing up and I'm changing  
Don't try to knock me out of my plans  
You was bullshittin'  
And my grindmode was giving it all I can  
Boy I been down, reppin' Vegas  
Had to show these niggas what's dedication  
More than music, it's more than life  
Been tryin' to figure out who gon' be the next to make it  
Put in work and guarantee a show  
Real nigga, you just a G.I. Joe  
Believe I go see my bro from tryin' to get my real life looking like the T.I. Show  
Man I swear to God I hate swearing to God  
Tear the stage down I ain't sweating a jive  
I'm looking good and I'm swaggin' out  
I'm the next to blow and you the next to flop  
Real nigga, I ain't scared of shit  
Real niggas take care of shit  
Wipe me down I like the crown  
But when the mic is down this life you never get  
I'm 21 and I'm drunk as fuck  
Livin' life by myself (nigga)  
Tatted up and I'm actin' up, no shirt better check out the belt (nigga)  
Vegas raised, Vegas paid  
Got up out that bitch to put it on  
I'm the first to do it, show improvement  
All I gotta do now is set it in stone  
Hol' up (Hol' up) Hol' up did a nigga just swag like that (He did)  
Hat to the back, Gucci backpack, spittin' crack on you little niggas  
Spittin' facts like that  
Coming out the Veg with a rap like that (He cold)  
He cold nigga that's a fact  
Trying to get me a platinum plaque  
Kill this shit, A\$AP the track

[Chorus x2]

I can't trust none of these niggas  
Can't trust none of these hoes  
I'm killing shit  
So I'm chilling with a marijuana cloud and my bros  
They talking shit but we talking goals  
Gettin' money that's all I know  
In this shit and I been the shit  
And I did this shit all on my own

[Bridge]

Don't let me get in my zone (my zone)  
Don't let me get in my zone (my zone)  
I'm swaggin' out in my zone swear I'm swaggin' out in my zone  
Boy, don't let me get in my zone (my zone)  
Don't let me get in my zone (my zone)  
I'm swaggin' out in my zone swear I'm swaggin' out in my zone

[Verse 2]

They done fucked up, let me out  
Stress me out, set me up  
Mad as fuck, I got anger issues  
And now you gon' feel 'em when you next to us  
Vegas with me, shit evolved  
Killin' niggas you don't wanna get involved  
You barely good and my good is great  
Compared to the team nigga we'll shit on y'all  
Real nigga with swag (What?!)  
How the fuck that sound nigga  
All the fake niggas to the back  
You ain't welcome round in my town nigga  
Bogart and I'm so retarded  
My social skills is over heartless  
niggas talking, bitches talking  
Get to walking I don't hear no offers

[Chorus x2]

I can't trust none of these niggas  
Can't trust none of these hoes  
I'm killing shit  
So I'm chilling with a marijuana cloud and my bros  
They talking shit but we talking goals  
Gettin' money that's all I know  
In this shit and I been the shit  
And I did this shit all on my own
