So how we do it when we do it shawty?

(U-way)

Young bloodz, back on mo' time

Wanna get yo Billy Dee, ya know I got mine

Gettin' the club crunk, damn near drunk

Roll wit forty five, twelve Peeves in my trunk

Give ya what ya want shawty, got what ya need

First some Billy Dee, second drank Hennessey

Center of attention, all eyes are on me

Oh, that's Sean Paul a.k.a. Sean Grease

Oh, never mind him, 'cause he always on that soft

And roll wit a group of felons that'll rip you off

He slum as hell, seven golds in his mouth

He slizzard as hell, always hollin' 'bout the south

And every week at the club he always get kicked out

I really think they hatin', tell me what is this about

But everythin' good, 'cause we gon' keep it crunk

And Colt forty five gon' forever get drunk
