

# Better Off This Way

## A Day to Remember

I wonder if you'll notice  
If they lock me up and throw away the key  
Gotta be open minded  
You've got a lot to learn in the ways of me You've always got to say something  
I'm none of your concern but you won't listen at all  
You know I'd rather say nothing  
And just be proud of myself, I'm tearing down these walls When you fall  
I'll be the only one who looks away  
When you call  
I'll be the first to tell you I can't stay It's all over  
I've found a better way  
To help keep you from me  
I'm better off this way  
I'm better off this way You gotta keep this coming  
Tell me like you know it but you don't know nothing, your call  
We can settle this like gentlemen  
Or meet me at the back to end it all inside again My whole life's been waiting  
Ever since I can remember  
Been anxious awaiting your fall  
And don't let me be a long while  
Can't let go of my life till I know you're done When you fall  
I'll be the only one who looks away  
When you call  
I'll be the first to tell you I can't stay It's all over  
I've found a better way  
To help keep you from me  
I'm better off this way  
I'm better off this way You want it, you've got it  
You've always been such a waste of time  
You want it, you've got it  
A friend of yours is no friend of mine You want it, you've got it  
When will you act your age?  
You want it, you've got it  
You're the reason things have to change  
You're the reason things have to change When you fall  
I'll be the only one who looks away  
When you call  
I'll be the first to tell you I can't stay It's all over  
I've found a better way

To help keep you from me  
I'm better off this way  
I'm better off this way  
I'm better off this way
