

# How Did I Give Myself Away

## Mr. Big

You walked in like a goddess  
I'm good like I don't notice  
Wrapped up in all the trimmings  
I stopped my tongue from spilling  
My insides inside out So how, how, how is it possible  
To spy my private eye  
How, how, how could it be so criminal  
Inside your dirty mind I hid my heart away with my little masquerade  
How did I give myself away  
I'm high on Cleopatra  
Too high to climb the ladder up  
A slave to circumstances  
I watched you from a distance  
I thought you'd never know how far I wanna go  
To spy my private eye How, how, how could it be so criminal  
Inside your dirty mind  
I hid my heart away with my little masquerade  
How did I gibe myself away Solo I never felt so busted  
My insides inside out  
How do you see me now
