Further Away

IQ

Time takes my time
I, here to myself, hold the silence in
Torn from my hand
So heavy now you're a world away
Though they rage, these little lies
I've grown so cold
And will I see you
When I turn around?Here I'll remain
Bound, ever bound, I am left to drown
In this space, I raise myself
And move somehow
To rearrange the brittle bones of youNow it's done
And I resolve to make no sound
So they're come
Are they the ones
Who'll take me down?
Don't you cry precious tears for mePassion killers and
Stocking fillers abound
When someone takes a dive
Surface breakers and
Undertakers surround
All but the fairest faces aliveTension seekers and
Public speakers defend
These they have come to judge
Seasonned liars and
False messiahs descend
To lay on the feeling touch
And I've seen too much
Day by day and I don't know why
After all, don't we matter the same?Reach for the sky
Don't break my heart
Are there no angels, only us?
Look how they've changed me
See what they've done
It has begunNow as I lay me down to sleep
If I should die before I wake
Don't let me fail, don't ever break
Roll me out where I am
Let me in 'cause I've seen too much

Day by day and I don't know why
After all, maybe no-one's to blame
And it's not the same
I get this feeling from no-one else
Show me now
Are you out of my head?Breaking borders, the chaos of lies
Caught in the terrible rain from the skies
Shaken as I am, her faith is as thin
She can remember the moment of madness so well
How many died right where they fell?I was the first in that sinister bed
Closing the shutters and cutting the thread
Shackled and fettered I know who you are
Bleeding the heart and the mind as the rivers run red
Somebody said, "Here is HellGo wherever you can be
And live for the day
It's only wear and tear
Doesn't matter anymore
If I'm losing you
You're always everywhereIt's no wonder
I'm afraid of making amends
And shattering the fear
Now it's happening
I know it's going to come
So dark inside of hereWhat have they done?
Stay with me
Can you say where you are?
I'll be there, I'll do it, just tell me
I'll never let go
Never let go
