Purpose

Spensha Baker

My purpose is to praise You
My longing is to worship you
My life desires to live for You

I worship You
For the mighty things You do
I worship You
'Cause in spite of all my misery
And all the things I can not see
I know I can call out Your name

My purpose is to praise You
My longing is to worship you
My life desires to live for You

I praise Your Name
'Cause the victory is mine
I praise Your Name
'Cause the light in me can finally shine
Your blessings will be always mine
And that's why I live Lord, for you

For always and forever
My purpose is to praise You
My longing is to worship You
My life desires to live for You
