

Unholy Magic Attack

Inquisition

Sing the song of the seven winds as I spit the dragons fire.
I summon deities of hate through unholy magic spells.
Surging unto the cosmic realms in the search of ancient moan.
From the chasms of asmodeus storms of chaos shall unleash.

Chanting under skies of titan moons

Invoking solitary demons

Wicked screams rising from a thousand thrones
Shadows covering temples of doom.

OH! How I bleed, my blood summons the black lord.

Eyes of might, fire so brighth, black sky lighten from the evil horned moon.

Unholy magic attack

Roll the drums in satans name

Infinite spells of hate I cast from my moon throne.

Chanting words of doom to enemies of mine

Attack with might

Unholy victory!

NAAMAH, NAAMAH the shadowed one

SHAMDON, SHAMDON the evil one

ASHTART, ASHTART the fire son

BERITH, BERITH the evil duke.
