# Deep In Your Heart

## Lasgo

I do know lifes been hard for you, my love
Well take it slow and let our feelings grow
Day by day I feel Im getting closer to you
Come with me, wont let you slip awayDeep in your heart you are longing for love
I know you want me too
Deep in your heart you are longing for love
Thats all I want from youDeep in your heart you are longing for love
You feel the way I do
Deep in your heart you are longing for love
And I keep longing to be with youTo survive you have tried to run from love
Deep down inside you want me in your life
Storm by storm Im breaking down this wall round your heart
I hold on to all your fears are goneDeep in your heart you are longing for love
I know you want me too
Deep in your heart you are longing for love
Thats all I want from youDeep in your heart you are longing for love
You feel the way I do
Deep in your heart you are longing for love
And I keep longing to be with you
