Still Here

Viva Brother

You take my money and burn it to the ground
It's no inferno but it follows me around, and I've got
Selective memory, forgotten your name
Now I'm turning myself inside out once againAnd I'll take it one day at a time
And I'll take it one day at a timeIf you do, if you don't, if you say that you won't
I'm still here
Watching you from afar
Would you stay? If you don't, that's OK
I'm still here
Watching you from afarYou tell my family, I am going blind
I can't see anything since I've been left behind, and I've got
No friends, no future, I've got no pension plan
At my funeral they'll bury just my head in the sand.And I'll take it one day at a time
And I'll take it one day at a timeIf you do, if you don't, if you say that you won't
I'm still here
Watching you from afar
Would you stay? If you don't, that's OK
I'm still here
Watching you from afar
Watching you from afarWoo ooo ooo
Woo ooo oooIf you do, if you don't, if you say that you won't
I'm still here
Watching you from afar
Would you stay? If you don't, that's OK
I'm still here
Watching you from afar
Watching you from afar
Watching you from afar
