

# The Boy In the Paisley Shirt

## Television Personalities

The girls all dressed like Kathy McGowan  
Wearing make up by Mary Quant  
The boys all dressed in velvet hipsters  
Pointed shoes, high bouffants There's one boy who catches her eye  
Doesn't even know his name  
Ever such a groovy fella  
Let him out the groovy cellar The girl she thought that he was shy  
Tried everything to catch his eye  
When that boy gets up to dance  
All the girls are in a trance  
Just to say "hello" to him  
Would really make her day  
Ever such a groovy fella  
Let him out the groovy cellar And she's so in love and she's so in love  
With the boy in the paisley shirt  
And she's so in love yeah she's so in love  
With the boy in the paisley shirt  
And the girl's in love and the girl's in love  
With the boy in the paisley shirt  
And the girl's in love and the girl's in love  
He's the boy  
Yes he's the boy  
That she loves  
Woah, woah, woah  
She feels so low  
Woah, woah, woah  
He's never even said hello
