Pelekas

Spiritual Beggars

Here I am
Standing in the middle of her heart
A year has gone by
Since I last kissed her loveYeah, I'm standing with my beloved beer
As the same feelings rush
I'm back to where life is life
PelekasI see another familiar face
It's Patric
Who I know won't have a shower
Until he's on the boatMy three soft singin' English birds
Are now four
And Cactus Marguerita my friend
Queen of it allYeah, I'm down here again
To get drunk with my friends
Yeah, I'm back here again
And I'm filled to the brim with loveHere I am
Standing in the middle of her heart
A year has gone by
Since I last kissed her loveYeah, I'm standing with my beloved beer
As the same feelings rush
I'm back to where life is life
PelekasYeah, I'm down here again
To get drunk with my friends
Yeah, I'm back here again
And I'm filled to the brim with love
