Lost In This Dance (Pridefest Mix)

Lena Katina

Don't know how it happened to us
But we're here again
The odds are stacked, we have to believe there's time
With the sun going down
Behind buildings surround, it's like a tomb
I'm not giving up till I find what I'm looking for
TonightYou and I must find each otherEven if I'm blind from glaring lights
Even if it takes all night
I'm lost in love with you
Do you know the way that I should turn?
Do you know that I have learned?
I'm lost in this dance with youMaking my way thru' the city streets
They're so rushed and loud
Passer-bys that resemble your face deceive
Pull your picture from my pocket
To remind myself, no need for clues
I keep on searching
It's you that I'm looking for tonightYou and I must find each otherEven if I'm blind from glaring lights
Even if it takes all night
I'm lost in love with you
Do you know the way that I should turn?
Do you know that I have learned?I can see that you can see a love that can't compare
Really isn't fair after allEven if I'm blind from glaring lights
Even if it takes all night
I'm lost in love with you
Do you know the way that I should turn?
Do you know that I have learned?
I'm lost in love with youLooking up and down and all around
Looking for what can't be found
I'm lost in love with you
Shadows on the wall appear to be
But shadows never what they seem
I'm lost in this dance with you
