

Jennifer (feat. LidoLido)

D'Sound

Hey, hey, D'Sound, Yeah, L-I, woo
So let it rock, 'cuz I like, I like Jenny from the Block
Uh, So let it rock, 'cuz I like, I like Jenny from the Block, Simone
People 'round asking me about where I've been
But I've just been so worried 'bout they'll say
Now I gotta? about some beauty queen
'Cuz today I'm coming out and all the kids begin to shout, they say
Jennifer, Jennifer
Everybody shouting out for Jennifer
She's so cool, she's gonna have most of us some day
(Jennifer) Jennifer, Jennifer
Everybody shouting out for Jennifer
I'm lost in, lost in love with Jennifer (oh), Jennifer (oh)
I want you to know that I'm not ashamed of you
But I've just been so worried 'bout what they'll say
Tonight, I swear, I'm gonna sweep the time with you
'Cuz today we coming out, and all the kids in the street shout, they sing
Jennifer, Jennifer
Everybody shouting out for Jennifer
She's so cool, she's gonna have most of us some day
(Jennifer) Jennifer, Jennifer
Everybody shouting out for Jennifer
I'm lost in love
All the kids at school party like the sea when we appear
Cheek to cheek
Like a Mardi Gras, should've heard the racket
Because Jenny where is my high school jacket?
Hey, Uh, One time ferry freckle on your face
Uh, and two times for you glasses
Three times for the brains and the grades
Man, I guess I got a thing for mathematics
Huh, and people tellin' me you're a freak girl
I'm like "how is that a bad thing?"
They don't even know what's happening
I dropped the bimbo, stayed low, and I popped the pin code, uh
They mock her, 'cuz she don't like parties and she don't like soccer
I just wanna lock her in my locker
"Till everybody forgot her
Take her out and do her proper

She always got her hands up, hands up
'Cuz she always got the answer, answer
And people never listen, listen
I like her 'cuz she different, different woah
Uh, you know how it go (go)
You from a small town so we keep it on the low (low)
They got me in these speakers 'cuz they like the way I flow (flow)
And they've seen all these sneakers so they watch 'em where they go
But he say, she say, clickÃ©
Why you wanna mess around with Jennifer?
You too cool, but I feel like I am
I am, (?), I'm saying
Jennifer, Jennifer
Everybody shouting out for Jennifer
She's so cool, she's gonna have most of us some day
Jennifer, Jennifer
Everybody shouting out for Jennifer
I'm lost in love (Jennifer, oh Jenny)
Jennifer, Jennifer
Everybody shouting out for Jennifer
She's so cool, she's gonna have most of us some day
Jennifer, Jennifer
Everybody shouting out for Jennifer
I am so very lost in love with Jennifer
