Until We Get There (Vlad Lucan Remix)

Lucius

What do you say
is this the time
for one more try at a happy life
What do you say
is this unwise
to think my fears will not repriseI can't be tamed
it's a rising tide
like an hourglass running out of time
So what do you say
what would you decide
it's a win or lose on a rolling dieGonna get out of the water
Gonna leave the storm
Cause everybody's gotta get there somehow
And I won't wait another day another day
