All Black Everything

The-dream

[Hook: (x8)][Chopped & Screwed voice:]Black everything, black, black everything
[in the background]Love ya babe, I just wanna love ya babe
Let me love ya babe, I just wanna love ya babe [x2]
[Verse 1:]Get up in this bed
Come up out them clothes
Black Fendi curtains
Black marble on the floor
Baby let me watch it
Give me a show
Black lingerie (uhh)
Shawty get it on
[Chorus:]Now come up out that black...hoody
Out them black...designer jeans
Out them black...shades
Come get it babe, come get it babe
Come up out my black...Jesus piece
My black...Audemars
It's black...everywhere we are
And you're the star (?)
[Hook: (x4)][in the background]Not just the car, but everywhere we are [x2]
[Verse 2:]You know I miss it
Girl you know I love it
Know I want to kiss it
I can't wait to hug it
Do you on to me on
Black suede, black fur
Lose you in the back seat
Black diamonds, black purse
And we so hood

Certified rock stars
Keep it looking good
Put it on my black card
And put a rub in the black style and then
Sweat the eyeliner out
Apply it again
Can't wait to get that black skirt up in my crib
Can't wait to get you out them (Givenchy) heels
Ace of Spades sipping

This is how we live
Yeah
[Chorus:][Hook: (x4)][Verse 3:]Jet black hair
Falling down her back
All up on her Baby Phat like trains on a track
Imma hit it like crack
I'm feenin
She on the black roller coaster
Straight screaming
Lip syncing on my microphone
Still got my fitted on
Sidenote
You should download this as your ringtone
Back to the black linen
H-h-h hell naw
Shawty I ain't finished
H-h-h hell naw
Riding it like a black Ducati
Baby
She in my ear like boy you got me
Baby
We Ace of Spades sipping
This is how we live
Yeah
[Chorus]Not just the car, but everywhere we are
