

The Afghan Whigs

Yeah You walked in just like smoke
 With a little come on, come on, come on
 In your walk come on
 I've been waitin', are you waitin?
 For my move, well I'm makin' it So tell me baby, can you shake it?
 If I can move it with you will you let me take it?
 I'll be down on my knees screamin' take me, take me
 Take me, take me I'm yours I've never felt so out of control
 You don't even know what you're doin' to me
 Come on and do it to me
 Don't you stop Come on, come on
 Come on little rabbit
 Show me where you got it
 'Cause I know you got a habit Come on, come on
 Come on little rabbit
 Show me where you got it
 'Cause I know you got a habit Come on, come on
 Show me little rabbit
 Show me where you got it
 'Cause I know you got a habit Come on, come on
 Come on, come on
 Come on, come on
 Come on, come on
 Come on, come on Come on, come on
 Come on little rabbit
 Show me where you got it
 'Cause I know you got a habit Come on, come on
 Come on little rabbit
 Show me where you got it
 'Cause I know you got a habit Show me where you got it
 'Cause I know you got a habit
 Show me where you got it
 'Cause I know you got a habit Show me where you
 Show me
