In the Blood

[Annihilator](#)

The lamb and the lion, I destroyed you
I tore your world apart
I left the pieces bleeding in the darkThe light and the darkness, come between us
I built a wall of tears
I built it straight through your heartIt's in the blood, running through my veins
The pain inside is driving me insane
It's done it all before and I'll do it again and again
'Cause it's in the blood, it's in the bloodThe dream and the nightmare
Lay on the pillow beside you every night
'Cause what you see is what you get from meThe light and the darkness come between us
I built this wall of tears
I built it straight through your heartIt's in the blood running through my veins
The pain inside is driving me insane
It's done it all before and I'll do it again and again
'Cause it's in the blood, it's in the bloodDeep in my dreams
I'm all you want from me
I'm all of life, I'm electricity'Cause it's in the blood
It's in the blood running through my veins
The pain inside is driving me insane
It's done it all before and I'll do it again and again
'Cause it's in the bloodThe light and the darkness come between us
