

Because You Love Me

Youth Alive

Here's my heart
I cry out
To the almighty king
You're what im looking for

There's no one else like you
My life surrender to your plans

What I'm searching for i find in you
Everything of me i give it over.... to you

Jesus i exalt your name forever
Be lifted up because you love me
(I will praise the name of jesus)

Forever I'll exalt your name
lift up the name of jesus because you love me
(I will praise the name of jesus)

Here's my heart
I cry out
To the almighty king
You're what im looking for

There's no one else like you
My life surrender to your plans

What I'm searching for i find in you
Everything of me i give it over.... to you

Jesus i exalt your name forever
Be lifted up because you love me
(I will praise the name of jesus)

Forever I'll exalt your name
lift up the name of jesus because you love me
(I will praise the name of jesus)

Jesus i exalt your name forever

Be lifted up because you love me

Forever I'll exalt your name
lift up the name of jesus because you love me
(I will praise the name of jesus)

Jesus i exalt your name forever
Be lifted up because you love me
(I will praise the name of jesus)

Forever I'll exalt your name
lift up the name of jesus because you love me
(I will praise the name of jesus)
