Someday

Ween

Someday, you will hear me sing a love song
Someday, I'll find a girl to call my own
Bringing it all together
Doing it on my own
Walking hand in hand like lovers
And if you wished upon the moon
Then it maybe one day soon
Sunday, Monday
Tuesday, is pizza day
Bringing it all together
Doing it on my own
Walking hand and hand like lovers
And if you wished upon the moon
Then it maybe one day soon
