Excuse Me Mama

Mishon

Oh
Aww Yea
Mishon
D.Y. Come on
I was at the mall
On some back to school
Tryna cop me a couple pairs of shoes
And Then I looked to the left
And I lost my breath
Cuz this girl was so fresh
I really wasnt tryna intrude
But she looked like the type i was into
And I wanted to holla
But she was wit he mama
She looked like a catch
twenty-two
How should i step to her
How should i step to her
Any disrespect to her
But i thought she would like
If i kept it polite
So i stepped
And this is what i said to her
Excuse me mama(hey)
Your daughters fine(your daughters fine)
And if i could
I'd like a moment of her time(a moment of her time)
While i was shopping
I saw her walking by
So can i get her number
And ill give her mine(oo ohoh yeayea)
Wishin i could catch her by herself
Wait till she wasnt with nobody else
But everytime i saw her
I would try to call her
But she was busy checking for the sales
Part of me was like just let it go
The other part of me was like let her know
But i would never get this

Chance in my life again
I gotta man up and tell her so

How should i step to her
How should i step to her
Any disrespect to her
But i thought she would like(oh oh ohh)
If i kept it polite
So i stepped
And this is what i said to her
Excuse me mama(hey)
Your daughters fine(your daughters fine)(so fine so fine)
And if i could
Id like a moment of her time(a moment of her time)(yea yea)
While i was shopping
I saw her walking by(walkin by yea)
So can i get her number
And ill give her mine(mineee)
Baby
Dont you know that you
You got me all up in the wrong store
Now the malls about to close
Crazy
But i followed you
Cause i just couldnt take it no more
No disrespect to ya mama
But i need ya numba baby
Excuse me mama(hey)
Your daughters fine(your daughters fine)
And if i could
Id like a moment of her time(a moment of her time)
While i was shopping
I saw her walking by
So can i get her number
And ill give her mine
Excuse me mama(hey)
Your daughters fine(your daughters fine)
And if i could
Id like a moment of her time(a moment of her time)
While i was shopping
I saw her walking by
So can i get her number
And ill give her mine
Ohhhhhhh
