

# My God

## Tedashii

I'm good, no halo, just wooden things to hang on  
No angel for my ?, I'mma fight it till I win, no k.o.  
Invincible, and I'm turnt up, any obstacle and I'm runnin' thru  
O10, he stepped in, he saved my life  
Ain't tryna brand you, ain't tryna boss  
Oh, yes, I am, I am showed up and saved my soul  
High art, classic genius, that's smart  
Workmanship, it's not hard  
The summit is over, ya hear?  
My God, I'm good, baby, oh, I'm good, baby  
I'm super straight, no debate  
I wish you would, baby  
Eat my stride[?], I abide, since they made me come alive  
Is that what he would side? True, he wouldn't tell no lie

Goin' shotta ery dead thing  
Body bag on ery dead thing  
Woulda been peace we a bring  
You know all we are our friend  
Saw in the trust, jaja  
I ya ia dot take the ladda  
In the trust, jaja  
Me no have problem to fin' bod us

I'm dreamin', no detox, I see white like my Reeboks  
I put in from my own, no one will copy no xerox  
I'm good, cause I've been who I'm made to be  
From alpha to omega, you still tryna get from A to B  
Seen stars small, dyin' low like they ?  
Till the light hit this world, watch us like a ?  
That shark came here to cut you like a razor, mane  
The sight of sound, mane, no you'll never catch me waver it  
No, I got it, no, I'm so bout it[?]  
My wrist keep business, raise the bill, ?  
Dah, I'm living royalty, the son of a king  
For me is ? one me tell you one more team?

Goin' shotta ery dead thing  
Body bag on ery dead thing

Woul'da been peace we a bring  
You know all we are our friend  
Saw in the trust, jaja  
I ya ia dot take the ladda  
In the trust, jaja  
Me no have problem to fin' bod us
