

Blood Money, Pt. 3

Noreaga

[chorus] [repeat 2x]Yo, new york get the blood money
Drty cash, smoke hydro green
Sill mix it wit hash
To all the weed spots
Niggaz know I'm known to cop
All the good shit, smell me nigga
I'm on some hood shit

[noreaga]Back to the essence when I first rhymed
L.a., l.a.

When y'all niggaz first heard me
I was starving on the train just selling my caine
Fast forward to '99, it's still the same
But now I got a car keep my rims up to par
Only stay in hotels that be five-star
Queens, akineyle, mobb deep, and escobar
Lost boyz, run-d.m.c., 'pone and me
No disrespect but queens got this shit locked d
Yo new york get the bloody money, kid watch me
You know my tempo, I can do it fast or slow
Eat some bubble-gum weed and yell, geronimo
All my analog thugs and my digital thugs
All my people that be rowdy wit weed in the clubs
For my knives and four fifths, bloods and crips
For my people who smoke phillies, and knows it splits
And to the niggaz on the block that rock my shit
To the crackhead, waking up the cops and shit

For all the liquor stores, that ain't no good
To all the stocked ones everywhere that be in the hood
For all my people on welfare, don't even care
For all them people gettin money, livin in bel-air
[chorus] [repeat 2x][noreaga]Time zone, got blown ? madi gon?
My niggaz get high and still fall in the zone
Bitches, callin me up and hanging up
I ain't a playa, so why y'all hoes playin games?
I'm a hustla, and I even hustle the same
I got hoes fooled thinkin' I love em
When I don't love em
And once I get the ass yo you know i'ma thug 'em

Tell 'em lies, hit 'em in they head
Hit 'em wit bread
I'm a millionaire bitch
I could trick a ? ? ? ? ?
Of you lookin foul and you
Fuckin wit me, n.o.r.e. thuggish nigga out here b
Bloody money once again, yo this one part three
Classical song, certified, desert storm
For my niggaz always there when I perform
And scream - what what, when I scream - what what
Straight wildin, in superthug and they all be stuck
Have y'all niggaz ready to fight, hoes ready to fuck
[chorus] [repeat 4x]
