

# DarÃ-a

## La Quinta EstaciÃ³n

When you tried to kiss me I only bit your tongue  
When you tried to get me together I only came undone  
When you tried to tell me the one for me was you  
I was in your mattress back in 1982  
Daria, I won't be soothed  
Daria yeah, I won't be soothed over  
Like smoothed over, like milk, silk, a bedspread or a quilt  
Icing on a cake or a serene translucent lake  
Daria, Daria yeah, Daria  
I won't be soothed  
I won't be soothed  
Oh when you tried to tell me of all the loves you had  
I was cleaning oil from beaches seeing only what was bad  
Oh when you tried to feed me, I only shut my mouth  
Food got on your apron and you told me to get out  
Daria, I won't be soothed  
Daria yeah, I won't be soothed over  
Like smoothed over, like milk, silk, a bedspread or a quilt  
Icing on a cake or a serene translucent lake  
Daria, Daria, Daria  
Daria yeah, Daria yeah, Daria yeah  
Daria, I won't be soothed  
I won't be soothed
