Wonderland

Nate James

[Verse 1:]
Don't get caught up in the madness
We're searching for a good time
Close my eyes so I can find a way
To chase away the dark skies
[Chorus:]
Don't you let nobody know
Keep your head up in the clouds
Keep dreaming of what you know
Follow the road to wonderland
Don't you let them break you down
Don't you change what you believe
Just stay strong and positive
Come take a trip to a place called Wonderland
[Verse 2:]
[.....]
The peace love and harmony
I don't want to ever fall from this high
[Chorus:]
Don't you let nobody know
Keep your head up in the clouds
Keep dreaming of what you know
Follow the road to wonderland
Don't you let them break you down
Don't you change what you believe
Just stay strong and positive
Come take a trip to a place called Wonderland
[Outro]
