

# Fuck Wit Me

## Michael Christmas

[Hook x2:]

If I had all I want

And I had all you need

Would that be enough, for you to fuck with me?[Verse 1 - Michael Christmas:]

(I said I need answers)

She goin' fuck with me when pigs start flying

When Dre drop Detox and streets start riots

When Bill Clinton get elected for the third time

Or when Condoleezza let me in the crib for one night

She goin' fuck with me when Nardwuar move

When white people in Minnesota turn rude

When Jadakiss stop asking why and asks who

When they put real chicken in my fast food but

But, she professionally thick and it's sickening

She should take the ride like strickland conviction

She was like store brand glue she ain't stickin'

She ain't even let me get a picture

But it's cool for a second, we straight

Just start learning the lessons create

And when I go to bed start remembering the damage

Calling up your phone you ain't home but a nigga need answers[Hook x2:]

If I had all I want

And I had all you need

Would that be enough, for you to fuck with me?Tick tick[Verse 2:]

(I said I need answers)

I got jumped in the seventh grade, and this feel like the opposite

Making calls to my grandmama, she a G on some old Larry Johnson shit

I might tell her 'bout you, when I was young as hell she would tell me 'bout Snoop

Tell me 'bout BIG, tell me 'bout Diddy

Tell me 'bout my moms and my pops living gritty

In Academy homes in the heart of the city

Where they bad to the bone they cap if you let like Juliet and Rome

Remember back in days spitting' raps on my phone wasn't worried 'bout nothin'

Girls always frontin' shit gets different when she yours and she fuck with you but it's nothing'

But what if she wasn't

What if she buzzin'

Why ain't she goin' let me in let's get this discussion[Hook x2:]

If I had all I want

And I had all you need

Would that be enough, for you to fuck with me?
