

Cock Of Nothing

Veruca Salt

Hold me up, I cannot stand
I am nothing, I'm your man
You have ? ? , I know you chant
I will know that I'm your man
Hold me up, I'll hold you down
And you'll be thankful you have found a man
Like me
If I'm bad, you'll smack my hand
Little baby, little man
Forty pounder in the sand
Cock of nothing, I'm your man

Hold me up, I'll hold you down
And you'll be thankful you have found a man
Like me
Oh no, here I go
See, I can't connect if I can't control
And I (oh no) see, I can't release if I can't let go
And I can't let you go, whoa
Hold me up, I'll hold you down
And you'll be thankful you have found a man
Like me
Like me
